

The order system for safe transportation.

Sortimo T-BOXX

Practical plastic case with transparent lid. Therefore the contents of the inset boxes are always visible. The T-BOXX can be safely stored in the in-vehicle equipment.

Shelves and Trays

Take advantage of every inch of space in your vehicle. Spare parts and small parts will find their place on the shelves and trays from Sortimo Globelyst.

Sortimo L-BOXXes

Variable plastic boxes in four sizes. The L-BOXXes can be clicked together and transported comfortably as a unit.

Sortimo M-BOXX

Large mobile box with handle. Optionally available with a lid. The M-BOXX snaps into the system and can be used as a drawer.

Long components tray

The transportation of long objects can be done within the vehicle. The long components tray sits on top of the in-vehicle equipment and takes advantage of the entire vehicle length.

Sortimo Accessories

Many additional products and original accessories complete the range and are a useful complement to the industry-specific in-vehicle equipment. From the cable holder to the cable hook all requirements are covered.

Sortimo Globelyst

Sortimo in-vehicle equipment offers plenty of space for the perfect transportation and storage of small parts and cargo. The mobile product ranges such as cases and BOXXes can be safely stowed.

Shutter and lift up flap

These parts of the in-vehicle equipment provide additional tidiness and safety in commercial vehicles.

Case clamp

It provides for a secure grip for the tool or machine cases. The containers can be easily clamped.

Safety floors

The basis of your success. Sortimo has several safety floors and floor inserts in the range. The Sortimo Globelyst in-vehicle equipment is placed on the safety floor.

Cargo bars

Sortimo offers a wide range of lashing and securing facilities. The cargo bars can be variably used in the horizontal and vertical position.

Sortimo S-BOXX

The drawer boxes come in two widths. They are ideal as a container for small parts, spare parts or screws and can be securely locked on the box floor and shelf.

Sortimo Case

The Sortimo legend. The sturdy metal case comes in many varieties. In the in-vehicle equipment it can be fully extended and opened on the case rails.

Drawers

The practical drawers have a lock and are stable even at full extension. With their four different widths they are perfectly integratable in the in-vehicle equipment.

Mobile workbenches

Transform your commercial vehicle into a mobile workshop. The mobile workbenches are available as folding and extendable versions. They are all very stable and resilient.
